Click on **Link My Accounts**. This screen will allow you to view all of your children's grade reports from this account.

Enter your username and password for each additional child. Click on the LINK button to continue.

Parent Access - Managing your accounts

The screenshot shows the ProgressBook website interface. At the top left is the logo for ProgressBook by Software Answers, Inc. The top navigation bar includes links for Home, Student, Classroom, School, and My Account. Below this is a secondary navigation bar with links for Edit My Profile, Change My Login, Change my Password, Link My Accounts, and Manage Accounts. A message states: "The following students are linked to your account:". Below this is a table with three columns: Name, User ID, and Password. The table contains two rows: one for ZACHARY and one for JOHN. A callout box points to the password field for ZACHARY, containing the text: "By clicking on this link your child's account password will be reset. This will not affect **your** account." Below the callout box is another paragraph: "This can be a little confusing. Keep in mind that a parent and student account are separate. The student account will allow access only to that student's grades, not to the grades of other family members." The bottom of the screenshot shows a taskbar with "Internet" and "100%" zoom level.

Name	User ID	Password
ZACHARY	PP	to reset ZACHARY's password
JOHN		password

By clicking on this link your child's account password will be reset. This will not affect **your** account.

This can be a little confusing. Keep in mind that a parent and student account are separate. The student account will allow access only to that student's grades, not to the grades of other family members.
