New Harmony —Discipline Export assist with Civil Rights Part 2

A new Discipline Export has been added to Harmony. This export pulls all infor-
mation from the Discipline Incidents, including the Victim and Parent Involvement
information.

You can use the Discipline Export to gather your **Civil Rights Part 2 - School Days
Missed Due to Out-of-School Suspensions** data. In the Discipline Export spread-
sheet, filter on Out of School Suspension in the **Action Type** column.

It is recommend to delete any columns that are not needed for Civil Rights reporting
so your spreadsheet is easier to read. The Action Duration column is the # of Days
for the Out of School Suspension.

The School Days Missed Due to Out-of-School Suspensions numbers are manually
entered on the [StudentInformation](#) > [SIS](#) > [School](#) > [Civil Rights Report-
ing](#) > [Additional Civil Rights Data Collection](#) page.

Defect #12090 - IRN Search generates 500 Internal Server error

An error page is generated when clicking on the IRN search icon which is a known Defect “#12090 – Ohio Department of Education Search Magnifying glass errors “ and will be fixed in the 16.3.5 hotfix tentatively due out the end of this month.

16.3. 4 Enhancements

- **Civil Rights Reporting Part 2** now available.
- **Student Success** (Think Gate extract has been renamed to Student Success)
- **New Assessment Extract:** A new assessment extract screen on the **Assessment Menu** lets districts extract test results from multiple assessments for one or more students into a single file to be transferred to another district.
- **Assessment Imports** You can now import files from the Assessment Extract screen.

For additional assessment details refer to *(ProgressBook StudentInformation Assessment Guide)*

General Reminders

2017-2018 School Year Initialization Surveys

Please remember that ALL buildings defined in Student Information need to submit a School Year Initialization Survey. The SYI survey provides NOACSC the information needed to setup your building for the upcoming school year.

You may access the survey at <http://www.noacsc.org/>

select **Student Services** >> **StudentInformation** >> **InitializationSurvey**.

Marking Pattern Mapping:

The School Year Initialization process does not copy the Marking Pattern Mapping information to the upcoming school year. Marking Pattern Mapping is used to define how Course History marks are moved from the Sending School to the New School during a student transfer. For more information please see The Student Transfer Step by Step documentation.

[StudentInformation](#) > [Management](#) > [School Administration](#) > [Marks Administration Menu](#) > [Marking Pattern Mapping](#)

Honor Roll—News Paper Format:

Take advantage of the Newspaper format page on the NOACSC website to format your honor roll list ran from Student Information (R303) into the true newspaper format to send to your local newspaper to publish your honor roll lists. You can also convert names from all UPPERCASE to Title Case if needed, depending on your newspaper requirements.

Use this link <https://secure.noacsc.org/other/newspaperformat/NewspaperFormat.asp>

Or you can step through the NOACSC website <http://www.noacsc.org/>select STUDENT SERVICES then select Honor Roll List in Newspaper format.

1. **Teachers, parents, administrators**, please take action IMMEDIATELY and **call** your Ohio House representative, especially those on the Ohio House Finance Committee member.

2. When you call, an aide will most likely answer or you will receive a phone messaging service. Leave a message that includes a story about how you use INFOhio digital content with students.

When you make your call please include the following information:

In the proposed biennium budget (FY18-19), the \$1.1 million funding INFOhio lost two years ago was not restored. Without it, **INFOhio cannot fund BookFlix, Storia, World Book, Science Online, Ancestry Library Edition, or any EBSCO databases**. Students and teachers will lose key tools that positively impact the third grade reading guarantee, new state standards, and college and career readiness. In HB 49, please support an amendment to restore INFOhio in line 97286 to "\$2,500,000".

For additional information regarding how you can help restore INFOhio's funding, consult the [INFOhio Advocacy page](#). You will find a way to look-up your legislators and a Resource Cost Calculator that will help you determine how the cut in digital content could financially impact your district.

Your stories and potential cost figures from your district are very influential to legislators! Please keep sharing them with your legislators!
