

Persona is no longer working properly. Our network team has found a replacement solution.

The solution we recommend is Powerterm WebConnect.

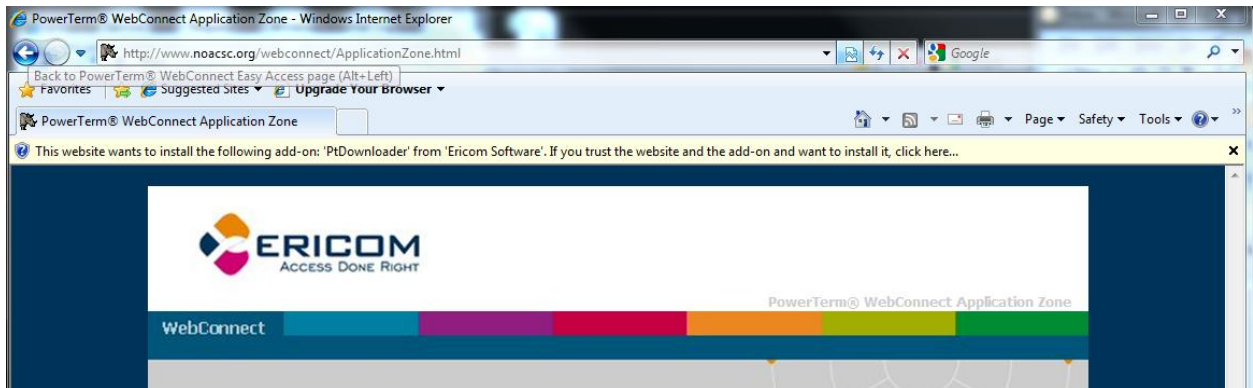

To install please use the following link: <http://www.noacsc.org/webconnect>.

WebConnect can also be found by going to <http://www.noacsc.org> and clicking on fiscal services/fiscal links and then WebConnect.

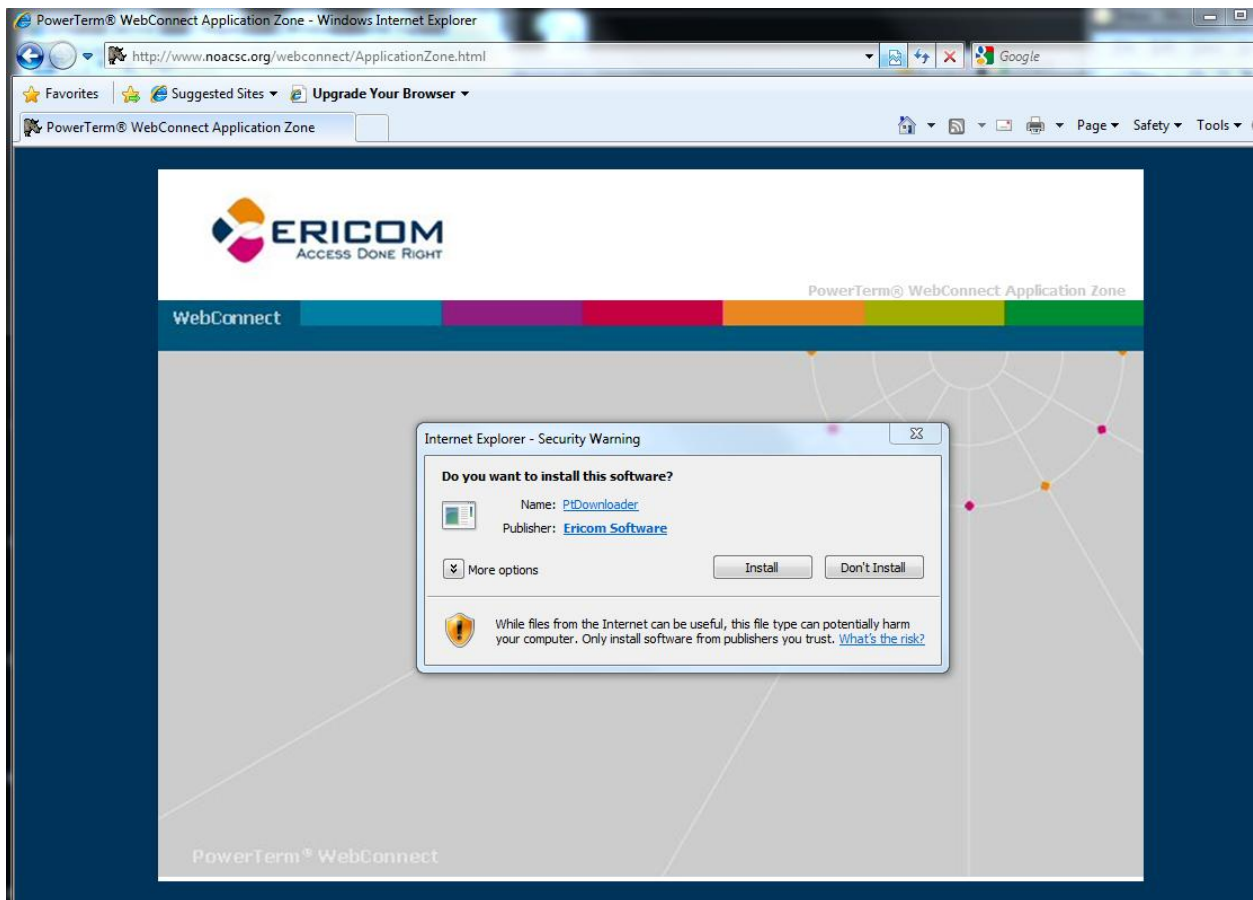

Please click on "Application Zone" and follow the instructions to complete the installation.

An add-on will need installed for WebConnect to work correctly. You will receive a message "This website wants to install the following add-on: 'PtDownloader' from 'Ericom Software'. If you trust this website and the add-on and want to install it, click here."

Once you click here a message will pop up that says, "Do you want to download and install the PowerTerm WebConnect client using Java Applet?" Click install. The software will then be downloaded to your computer.
