Setting up a 7 Semester GPA

Issue: The high school needs a 7 Semester GPA that looks at this year's 1st Semester Average and this year's Earned Credit, and all prior years' Earned Credit.

Solution:

1. Edit the All Year Marking Pattern and change the Progress Level on the 1st Semester Average to be Progress 3. StudentInformation > Management > School Administration > Marks Administration Menu > Marking Patterns, Marking Pattern Rules link.
2. Create a GPA Set that looks at the Progress 3 and Earned marks for the current school year, and Earned marks for prior years. StudentInformation > Management > School Administration > Course History Administration > GPA Sets.
3. Refresh the GPA Set established for the 7 Semester GPA.

Setting up a 7 Semester GPA to include Course History from JVS

Issue: The school is a home school and has course history from the JVS loaded in as Progress 2, 1st Semester Averages. If the school sets up the 7 Semester GPA to look at Progress 3 and Earned, manual courses from the JVS that are Progress 2 significance will not be included.

Solution:

- 1. Instead of editing the All Year Marking Pattern, edit the 1st Semester Marking Pattern. Change the 1st Semester Average to Progress 3 and save.
2. On the 7 Semester GPA set mark Progress 2 and Earned.
3. Refresh the 7 Semester GPA set.
