2015—2016 School Year Initialization Surveys

NOACSC has sent an email to Student Information users through the DASL distribution list announcing the **2015-2016 DASL School Year Initialization Survey**. The survey acts as NOACSC's guide for setting up (initializing) your DASL database for the upcoming school year.

Each building in your school district will need to complete the School Year Initialization Survey. Especially important for high school buildings, you cannot begin your 15/16 student scheduling until NOACSC completes the initialization for your building. You must provide NOACSC with your approved calendar dates or at least tentative dates in the survey.

You may access the online Initialization survey at www.noacsc.org select Student Services, Student Information, then DASL School Year Initialization Surveys. If you have any questions please email DASL_STUDENT@NOACSC.ORG
