

# 2020 USAS-R Calendar Year-End Procedure

The following checklist outlines the steps needed when closing out USAS-R for the month, quarter and calendar year-end.

## Deadline to Submit 1099's to NOACSC is January 15<sup>th</sup>, 2020!

At this time, USAS-R doesn't have a TINMATCH program comparable to classic.

### District 1099 Procedures

\_\_\_\_\_ 1. Use the Vendors grid to review the Tax ID Type (SSN or EIN) for all 1099 vendors to make sure they are correct and identified.

**Option 1:** In the Vendors grid, add the 'Type 1099', 'Tax ID Type', 'ID #' and 'YTD Total' columns to the grid. Select 'Active' vendors only and under 'Type 1099' filter by <> non 1099 to query all 1099 vendors. You can then use the YTD Total to filter on amounts (i.e. >=600). You can also save your filtered grid by using the 'REPORT' button.

- Check Vendors >= 600.00 and <> Non 1099
  - (Classic Option 4) These are your 1099-Misc vendors whose YTD activity meets the IRS requirement.
- Check Vendors >= 600.00 and = Non 1099
  - (Classic Option 5) Not 1099-Misc Vendors with YTD activity >= 600.00
- Check Vendors <> Non 1099 and all YTD totals
  - (Classic Option 6) These are your 1099-Misc vendors regardless of their YTD Activity

**Option 2:** In the Vendors grid, create an Advance Query. See Slides 14 & 15 for examples

- Click 'Save Query' to keep for next year
- Saved queries are user-specific

\_\_\_\_\_ 2. Run the SSDT 1099 Vendor Report to check 1099 data in order to ensure 1099 names, addresses, ID # and amounts are correct. By default, the report includes all 1099 types. You have the ability to include all 1099 types regardless of YTD amounts or those meeting the IRS requirement. You may also run the report for specified 1099 Types (i.e. royalty payments)

- Contact [fiscal.support@noacsc.org](mailto:fiscal.support@noacsc.org) for an additional report that includes 'Ignore 1099 limits' flag.
